Don't Work So Hard

3M™ SkyWipes™ by Elixair Surface Cleaning Wipes

3M™ SkyWipes™ by Elixair Surface Cleaning Wipes represent the next generation of surface cleaning and sealant clean-up wipes for aircraft manufacturing and maintenance. With ever-increasing pressures to reduce VOC emissions and improve worker safety, these industry-approved water-based surface cleaning wipes quickly remove unwanted wet and semi-cured sealant residues, greases, oils and other common surface contaminants. Available in a range of cloth weights for different applications, these quality, low lint wipes are effective on most common surfaces found in the aerospace manufacturing and maintenance sectors.

- Excellent cleaning solution for surface inspection and sealant residue clean-up
- Alternative to traditional solvents typically used in the aerospace industry
- Not classified as hazardous according to OSHA HCS 2012, based on UN Globally Harmonized System criteria
- Low odor
- Quickly cleans and degreases surfaces
- Removes wet and semi-cured polysulfide, polyurethane, RTV and silicone sealant residues as well as other surface contaminants
- Low lint wipes

3M ID	Product ID	Cloth Weight	Unit	Wipes per Unit	Packaging
GT 6000 2001 7	602-3	1.9 (oz/sqyd)	Container	25	20/Case
GT 6000 1992 8	602-5R	1.9 (oz/sqyd)	Container	50	10/Case
GT 6000 2002 5	602-8	1.9 (oz/sqyd)	Container	150	4/Case
GT 6000 1993 6	602-2	1.33 (oz/sqyd)	Container	300	4/Case

3M™ SkyWash™ by Elixair Surface Cleaning Liquids

3M™ SkyWash™ by Elixair Surface Cleaning Liquids are alternatives to traditional solvents for cleaning large surface areas. This water-based solution quickly removes common surface contaminants such as dirt, grease and oil, as well as unwanted wet and semi-cured sealants.

- Excellent for cleaning and degreasing large surface areas quickly
- Alternative to traditional solvents typically used in the aerospace industry
- Low odor
- Suitable for use on most surfaces
- Removes wet and semi-cured polysulfide, polyurethane, RTV and silicone sealant residues as well as other surface contaminants
- Not classified as hazardous according to OSHA HCS 2012, based on UN Globally Harmonized System criteria
- Non-Flammable according to OSHA HCS 2012, based on UN Global Harmonized System criteria

3M™ SkySolv™ Wipes by Elixair

Surface Cleaning Wipes

Some critical applications demand tougher cleaning power than a water-based solution can offer. 3M™ SkySolv™ Wipes by Elixair Surface Cleaning Wipes provide a controlled method of applying solvent to remove unwanted wet and semi-cured sealant residues, most marking inks, greases, oils, and other common surface contaminants. These wipes leave minimal or no surface residue and are compatible on most common surfaces found in the aerospace manufacturing and maintenance sectors.

- Excellent for critical surface cleaning applications prior to painting, bonding and sealing
- Offers a controlled method of applying solvent to surfaces
- Helps eliminate the risk of solvent spillage
- Reduces the requirements for additional dry wipes and rags

3M ID	Product ID	Cloth Weight (oz/sqyd)	Unit	Wipes per Unit
GT 6000 2004 1	901-2	1.9	Container	50
GT 6000 2005 8	901-3	1.9	Container	150
GT 6000 2006 6	901-4	1.33	Container	300

3M™ SkyRestore™ by Elixair

Cured Sealant Remover

3M™ SkyRestore™ by Elixair Cured Sealant Remover is an innovative solution for the quick removal of fully cured polysulfide sealant. SkyRestore cured sealant remover quickly softens sealant from most parts of the aircraft including aircraft structures, fuel systems, nacelles, landing gear and joints for easy removal with a 3M™ SkyScraper™ by Elixair Sealant Removal Tool. Any remaining surface residue can be cleaned up using 3M™ SkyWipes™ by Elixair Surface Cleaning Wipes.

- Softens cured polysulfide sealant for removal within 30 minutes (dependent on sealant thickness)
- Thixotropic gel version suitable for overhead and vertical applications
- Easy to apply
- Suitable for use on most surfaces
- Can also be used to remove most cured rubber adhesive residues

Remove
cured sealant
in less time for less cost.

3M™ Sealant Removal Tools & Accessories

3M™ Tools & Accessories offer a gentle and convenient way to remove sealant, adhesive and adhesive tape residues. These durable tools are gentle to use on most surfaces and can be interchanged with a variety of ergonomic accessories designed to help increase operator comfort and safety. 3M™ SkyScraper™ by Elixair Sealant Removal Tool and 3M™ SkyBlade™ by Elixair Sealant Removal Tool are best used in conjunction with 3M™ SkyRestore™ by Elixair Cured Sealant Remover for the quick and easy removal of sealants across the airframe.

- Gentle alternative to metallic scrapers – less likely to damage surfaces
- Available in a variety of widths for different applications
- Ergonomic accessories designed to reduce risk of injury to operators
- Quick release and interchangeable accessories for ease of use and operator comfort
